# HITLER PREDICTS NAZI VICTORY DURING 1941

## NEW YEAR'S MESSAGE DENOUNCES NATIONS OPPOSING GERMANY

By The Associated Press  
Frophetically, Hitler, in New Year's message to his troops, says 1941 will bring completion of "the greatest victory of our history"; informed sources predict Hitler will let comment on President Roosevelt's fireside talk to the German press and that newspapers will say Mr. Roosevelt is warning the United States of dangers which do not exist.  
The air war: Bad weather over English Channel grounds war planes.  
Greek-Italian conflict: Greeks report capture of 1,000 new prisoners as strong Italian counter-attacks in Albania are smashed.  
Food outlook: Lord Woolton, British food minister, advises Britons to eat more home-grown potatoes and oats and warned that "we shall have less meat in 1941."  
By the Associated Press  
Berlin, Dec. 31.—(A.P.)—Adolf Hitler denounced "the democracies" and their capitalistic workings in a New Year's message today, and promised his fighting forces that 1941 would bring them victory against all odds.  
"God up to now has placed the stamp of approval on our battle," he told the Nazi party and people in a long New Year's message.  
In a brief message to his fighting men, he promised that "the year 1941 will bring completion of the greatest victory of our history."  
Although he made no mention in either message of President Roosevelt's Sunday night appeal calling for increased war aid from the United States to Britain, some observers saw his forecast as answer to the president.  
His broadcast, President Roosevelt said, "I believe that the (Turn to Page Eleven)

## SAINT-GAUDENS WILL TEACH HOW TO HIDE

Pittsburgh, Dec. 31.—(A.P.)—One of the world's foremost art critics is going to help teach Uncle Sam's expanded army how to hide.  
Homer Saint-Gaudens, director of fine arts at Carnegie Institute and the son of a famous sculptor, has been recalled to active duty in the nation's armed forces as an expert not only on strictly military but on industrial camouflage.  
However, Saint-Gaudens was summoned from the reserve list despite the fact he's somewhat deaf and at 60 is two years over the regular age limit for the rank of lieutenant-colonel. He was a captain during the World War and has taught camouflage methods at army schools since.  
He will report next week to the army engineers' office at Washington into which he said new plans are pouring continuously on "hiding," a tactic assuming more and more importance in modern warfare.

## CONVICT HOPSON OF MAIL FRAUD CHARGE

New York, Dec. 31.—(A.P.)—Howard C. Hopson, ex-utilities titan, was convicted in federal court today of mail fraud in the alleged defrauding of the Associated Gas and Electric System of nearly \$20,000,000.  
The jury found him guilty on 18 mail fraud counts but acquitted him of the single conspiracy count in the indictment.  
His co-defendants, attorneys, Charles M. Travis and Garrett A. Brownback, were acquitted on all counts.

## Plan for Lending and Leasing War Equipment to England is Probable

Washington, Dec. 31.—(A.P.)—President Roosevelt, it was indicated at the White House today, probably will discuss in his annual message to congress next Monday a plan for lending and leasing war equipment to England.  
Stephen Early, the president's press secretary, said it would seem logical to him for Mr. Roosevelt to talk about the proposal at that time.  
He added, however, that he did not think the president had decided whether to go into it in detail or only in a general way, leaving details for submission later. At any rate, he said, the entire proposal will go before congress soon after the start of the session January 3.

## Roosevelt Opponent Urges Effort to End War

### ENTIRE ITALIAN BATTALION HELD BY THE GREEKS

Smashing of Fascist Counter Attacks is Reported Despite Heavy Reinforcements; Some of Prisoners Are Ski Troopers

### GAINS NEAR CHIMARA

Athens, Dec. 31.—(A.P.)—More than 1,000 new prisoners, including an entire Italian battalion, officers and all, were reported plodding back to Greek concentration camps today from the Albanian battlefield where the Greeks said strong Italian counter attacks had been smashed.  
The high command's communique on the warfront situation said the Greeks gained in "local successful operations" despite recent heavy reinforcements of the Fascists.  
The Italians were said to be fighting with renewed intensity in an effort to regain positions wrested from them in steady Greek advances.  
The communique did not identify the sectors where the Greeks were reported to have gained ground or say where the new Italian captives were taken, along with field guns and other equipment.  
It indicated, however, that some of the prisoners were Alpine ski troops. Such troops, the high command said, attacked Greek advance forces but were put to flight.  
The troops were said to have kicked off their skis and scattered. Dispatches from the front said some Greek gains were made north of Chimara along the coastal road toward the port of Valona and that Italians suffered heavy casualties in counter attacks in the Klisura sector, northeast of Chimara.  
(Italian news dispatches to Rome from the Albanian front credited dive-bombing and machine gun attacks.)

## UAW PETITIONS LABOR BOARD TO HOLD ELECTION

Detroit, Dec. 31.—(A.P.)—The United Automobile Workers (UAW) petitioned the National Labor Relations Board today for an election in the Lincoln plant of the Ford Motor Co. to determine whether the UAW-CIO should be granted exclusive bargaining rights.  
The petition followed the union's disclosures that its members in the Lincoln plant had authorized a strike. Approximately 3,800 workers are employed at the Lincoln plant.  
Six months ago the union asked the company's consent to an election for the Ford Rouge and Lincoln plants but the company declined.  
Yesterday the union charged that the company was ignoring national defense needs with an "intention" to disregard a rehiring agreement involving Lincoln plant employees.

## McKEESPORT MAYOR IS HONORED BY CITIZENS

McKeesport, Dec. 31.—(A.P.)—Mayor George H. Lysle, who is as much a symbol of McKeesport as the city itself, celebrated with the hall of the "younger generation" his 74th anniversary and his 27th at the city hall.  
At a gaily bedecked church, some 500 young Republicans their guests last night heard the traditional "Re-elect Lysle" speech and applauded a statement by William S. Livengood, Jr., state secretary of internal affairs, that his records showed McKeesport the best managed of all Pennsylvania industrial cities during the "long lean years."  
After receiving a handsome red-leather easy chair on behalf of the young Republicans, Lysle announced with a definite chuckle, "I haven't quit yet."

Sheriff M. O. McKinley (right) holds the arm of Frank Dearolph, 43, in Clarion, whom McKinley said had been charged with killing his uncle, Reuben Levi Wentling, 58, and Wentling's 12-year-old son, Reuben, Jr.

## British Food Minister Appeals For Use of More Homegrown Products In 1941 Because of Shipping Losses

London, Dec. 31.—(A.P.)—An appeal by Lord Woolton, food minister, for Britons to eat more home-grown potatoes and oats and a warning that "we shall have to do with less meat in 1941," followed an announcement today by the admiralty that 43,300 tons of merchant shipping were lost in the week ended December 22 "due to enemy action."

## SEEK ATTACKER OF YOCUMTOWN FARM DOMESTIC

Yocumtown, Dec. 31.—(A.P.)—Reports of two attacks on pretty Esther Firestone, 17-year-old farm domestic, who was found gagged and bound in the north York county woods, spurred a state police manhunt from farmhouse to farmhouse around Yocumtown today.  
Led by State Police Detective Carl Hartman and Corporal George Collett, the investigators tried to piece together the baffling circumstances of the girl's reported attack of Sunday night and again Monday morning.  
She is a patient in a Harrisburg hospital today, where authorities described her condition as satisfactory, though precautions against pneumonia were taken in view of the exposure of her trussed body from 7 a. m. yesterday until 1 p. m. when she was found by a trapper.  
The hospital attaches said they found no evidence that she had been criminally attacked, and were unable to find any bruises or lacerations.  
The police said they were informed the girl worked as a domestic on the farm of William Bamberger, but spent the week-end at Yocumtown.

## MEN TRAPPED IN HOTELMEN SEEK MINE ARE SAFE HOUR EXTENSION

Indiana, Pa. Dec. 31.—(A.P.)—Five men, all safe and reported unharmed, were trapped today behind a 70-foot-long roof fall in the Kent No. 2 mine of the Rochester and Pittsburgh Coal Company near McIntyre, 18 miles southwest of Indiana.  
Volunteer rescue crews, digging into the debris, kept in communication with the trapped miners and expressed hope of freeing them late today or tonight. The company said the five were receiving an adequate supply of air from ventilation ducts.  
The fall occurred in a mine heading about 3 miles back from the shaft.

## FIRE-SIDE ADDRESS ATTACKED

German Press, With Approval of Government, Releases Torrent of Cautious Comment on Roosevelt's Suggestion to Give Every Possible American Assistance to Britain

### CONSTITUTES REPLY OF HITLER TO TALK

Berlin, Dec. 31.—The German press, with a nod of consent from the German government, released today a torrent of cautious comment on President Roosevelt's latest suggestion to give every possible American aid to Britain.  
With the appearance of explosive editorials on the subject there was evidence on every side of tensing emotions. But at the same time there were loud declarations that Germany would not permit herself to get unduly excited or allow herself to be "provoked."  
There was a disposition to refer the whole controversy back to the "conscience of the American people." The attitude was that the United States knows how Germany feels—and that America has a chance to reflect before she is committed to a course more hostile to Germany.  
Informed sources said that the press comment, for the present at least, would constitute Adolf Hitler's reply to Mr. Roosevelt's Sunday night's speech.  
Before the appearance of afternoon papers, the press attitude was (Turn to Page Eleven)

## LOCAL CITIZENS READY TO GREET THE YEAR 1941

Business in general will be at a standstill tomorrow as the community observes informally the ending of the old year and the beginning of the new.  
With the exception of "open house" in the various clubs, limited to membership, and family gatherings in private homes, there is little planned for the holiday.  
The usual holiday regulations will prevail at the local post office and only business places open will be those establishments which cater to the appetite and others which serve the motoring public.  
Many will turn to the radio for their entertainment and broadcasts of year-end football contests and other features will be heard according to a schedule appearing in another column of this issue.  
Churches have planned "watch fields."

## HEAVY NEW INCOME TAXES ARE IMMINENT

Washington, Dec. 31.—(A.P.)—Heavy new income taxes were put in the "must" class today by Senators Connally (D-Tex.) and Johnson (D-Colo.) who said higher rates were needed to help finance defense. Both are members of the finance committee.  
Connally estimated that the new congress would have to raise at least \$1,000,000,000 in additional revenue from all sources. He listed personal and corporate incomes, electricity, cosmetics and luxury products generally as the probable fields.  
Specifically, the Texas senator told reporters that substantially higher rates should be imposed in the tax brackets from \$4,000 to \$100,000 or \$150,000.  
Senator Johnson expressed the belief that "there will have to be heavier taxes on everybody."

## Posthumous Party

New York, Dec. 31.—(A.P.)—Some 20 persons will attend a dinner party one day soon and toast the late Theodore W. P. Smith, real estate operator who died Dec. 15.  
For Smith will foot the bill posthumously at his own request.  
His will, filed for probate yesterday, left \$200 to John W. Parrish to give the dinner for mutual friends within three months of Smith's death.

## CRASH VICTIM SUCCEUMS TO INJURIES TODAY

Cecil Mealey, 22, injured in Accident on Approach to Irvine Overhead Bridge Dies at Hospital From Fractured Skull

### ANOTHER IS CRITICAL

A fractured skull and other injuries sustained about 6:35 o'clock Monday morning when a car in which he was riding, operated by his father Duke A. Mealey, Jackson Run road, collided with another driven by an Erie man, resulted in the death this morning at 6:30 o'clock of Cecil Mealey, aged 22 years.  
Another occupant of the Mealey car, Martin Anderson, aged 40, is in a critical condition at the Warren General Hospital, suffering from a punctured lung and other injuries.  
The other three victims of the collision are all reported improving at the Warren General Hospital. Duke A. Mealey, who was discharged from the hospital after being treated, was readmitted later in the day. The other two are Floyd Gray, 41, and Harry Brown, 47.  
The second car involved was operated by John L. Dolan, of Erie, who was accompanied by Robert F. Christensen, of Columbus, both of whom escaped serious injury. The (Turn to Page Eleven)

## POLICEMEN CHARGED WITH MANSLAUGHTER

Philadelphia, Dec. 31.—(A.P.)—Indictments charging manslaughter were entered today against three Philadelphia city policemen in the death of Mrs. Mary Scheuen, 50, who died in a hospital after being kept in jail for 12 hours.  
The December grand jury returned the true bills yesterday against Sergeant Raymond L. Wenzel, Turnkey Anthony Zudas and Patrolman Martin Fox.  
Mrs. Scheuen collapsed on a downtown street and was taken to a precinct station. At the inquest the three policemen testified she appeared intoxicated. Dr. William S. Wadsworth, coroner's physician, said she died of a stroke.

## Lancaster Co. Community Given Million-Dollar Company by Owner

Mount Joy, Dec. 31.—(A.P.)—This Lancaster county community became the amazed inheritor today of a thriving million-dollar oil company, the gift of owner Clarence Schock, who believes that "a man's estate should go to the general welfare."  
The childless, 75-year-old executive announced last night he had created a community trust estate which now is the sole stockholder of the Schock Independent Oil Company. Except for a "limited part" to be reserved for the donor and his wife, all company earnings go to the community.  
"The laws of our land which provide for the inheritance of property are unethical and unchristian," he said.  
"After reasonable provision for women and children, a man's estate should go to the general welfare in conformity with the Christian teaching that every man is his brother's keeper."  
He also announced the initial distribution of \$20,000 to the public school directors of Lancaster county, for use as the school directors deem best.  
"Only time and experience can determine the best use of this community income," Schock said. "For the time being it seems that some service in and under the direction of the public school districts is best."  
There was no announcement of the company's annual earnings. An additional motive, Schock said, was a desire to perpetuate his business so that employees will continue to have permanent positions.  
The oil company is the outgrowth of Schock's father's original coal, grain and lumber company. Schock entered that at the age of 21 and became owner in 1899.

## DEFENSE TALK IS SUBJECT

Senator Wheeler Is Outspoken in Disagreement With President on Question of Peace in Europe; State Department Declares No Feasible Proposals Yet Submitted to This Government

### AIRCRAFT INDUSTRY TO INCREASE OUTPUT

By the Associated Press  
Washington, Dec. 31.—(A.P.)—Senator Wheeler (D-Mont.), in outspoken disagreement with President Roosevelt today on the question of peace in Europe, urged that the United States exert every effort for an immediate end of the war.  
He took direct issue with the president's defense broadcast statement that this nation had "no right or reason to encourage talk of peace" under existing circumstances.  
Wheeler raised the peace question during a radio broadcast last night which was critical of much of the general policy which the chief executive outlined to the nation Sunday.  
"The United States," Wheeler said, "is no longer struggling along the road to war. We are running—and don't be fooled."  
A short time before the Wheeler address, Verne Marshall, chairman of the No Foreign War Committee, charged at a press conference that the administration already had rebuffed one Nazi offer of "honorable and just" peace.

### BRUNOS AGAIN DENIED PARDON BY GOVERNOR

Harrisburg, Dec. 31.—(A.P.)—Governor James rejected today the pleas for commutation of sentence of James and Alfred Bruno, convicted of second-degree murder in the so-called Kelyares "massacre" of 1934. It was the brothers' fourth unsuccessful appeal.  
They were sentenced to 10 to 20 years imprisonment each in July, 1936, the terms dating from November 5, 1934, the night that gunfire from the home of their father, Joseph, killed five Democratic marchers in a pre-election torchlight parade.  
The governor, acting on recommendations of the state pardon board which conducted a hearing last week, pardoned four persons and commuted the sentences of 12. The board held 15 cases under advisement.

### Plans Progress for Community Christmas Tree Burning and "Twelfth Night" Program

"Last year, I burned our Christmas tree and some others in our yard and it scorched our little plum tree so that it died," said eleven year old Jimmy the other day, Jimmy was lucky at that. The fire might have scorched him or his little brother.

The purpose of the community "Twelfth Night" celebration, which is a joint project of the Girl Scouts, the Chamber of Commerce and the Times-Mirror, is to provide a safe and merry way to dispose of the Christmas trees and greens. Back yard burning should be discouraged. Trees should be thrown over the bank on Beaty Playground opposite Division street. The spot is indicated by a sign.

Volunteers will pile the trees on Saturday in readiness for the big celebration on Monday night, January 6.

Arrangements have been made for lighting the coronation of the king and queen which will take place just before the big fire is kindled. This will make it possible for spectators on the bank along Conewango avenue to see the spectacle.

The "Twelfth Night" king, his queen and the members of the royal court are being chosen today at a party at the Y. W. C. A. An enormous cake containing various trinkets will be divided among the Girl Scouts and Girl Scout leaders who attend the party. Each girl who finds one of the trinkets in her cake will take the part in the pageant which the toy she finds signifies.

Announcement of the names of the court which will reign over the "Twelfth Night" festivities will be made in Thursday's Times-Mirror.

**SERVICES FOR VICTIMS**  
Reuben L. Wentling, 57, and his 12-year-old son, Reuben, Jr., victims of the double slaying in Clarion county, were buried side by side yesterday after a single funeral ceremony at St. Paul's Evangelical and Reformed church at Knox, Frank Dearolph, 43, nephew of Wentling, is charged with the killings and is said by officers to have admitted shooting Wentling because he blamed him for the death of his own father in 1913. Sheriff M. O. McKinley said Dearolph appeared "quite relieved" and was eating heartily and sleeping well in jail.

**CALLED BY DEATH**  
Mrs. Alfonso Chiaramonte, of this city, has been called to Kane by the death of her father, Pasquale Marasco, one of that community's most prominent residents who passed away yesterday morning after being ill with pneumonia. Mr. Marasco, who had resided in Kane for 31 years, was a native of Italy, but came to this country 53 years ago, at the age of 23. For many years he was engaged in the contracting business, but retired in 1935 to manage other interests. Funeral services will be held Thursday morning at nine o'clock at St. Callistus church, Kane.

**CAR GOES THROUGH GATES**  
Pennsylvania railroad company officials are searching for a motorist who drove through the gates at the crossing near the depot Monday morning at 7:25 o'clock, just as they had been lowered on the approach of the locomotive attached to Freight Train No. 9355, which was switching at the time. According to the watchman at the crossing the gates were lowered as the car approached. The driver never slowed up and after crashing through both continued west at high speed. Part of the car which was left dangling on the broken end of one of the gates may provide a clue that may lead to the identity of the owner of the car.

Institute of Understanding to be Presented by Warren Rotary Club

An Institute of Understanding will be held in Warren from January 23 to February 13, under the sponsorship of the Rotary Club of Warren. Consisting of a series of four meetings on consecutive Thursday evenings the institute will present outstanding public affairs in certain fields of public affairs. Following the formal address will be forum periods in which members of the audience may ask questions of the speakers.

According to W. E. Yeager, this program is being developed by the Rotary Club for the purpose of giving the citizens of this community an opportunity to learn from authoritative speakers about some of the outstanding problems confronting the world today and to discuss the relation of these problems to their individual lives.

The institute is a study course in world affairs for the young people of the community as well as for adults. In addition to the public forums in the evening, the speakers will address the students of the Warren High School during the day.

Citizens National Bank at Tionesta Is Closing Today

The Citizens National Bank of Tionesta, which has been an institution in that Forest county community for the past half century, will close today at close of business under a voluntary liquidation plan approved by the stockholders.

The bank, which was opened on May 2, 1893, is in fine condition and the liquidation is purely voluntary. Officials and stockholders felt that the community was not large enough to support more than one bank.

The Citizens National bank has approximately 1,200 depositors whose half million dollars of deposits will be turned over to the Forest County National Bank under a contract drawn up by the two institutions. The assets of the Citizens Bank will be liquidated to the benefit of the stockholders.

AIRPORT NEWS

The Civilian Pilot Training program is fast nearing completion at the Warren Airport. Emerson Baxter, David Corbett, Sherwood Miller and Albert Canino have passed their flight tests and finished their training. Paul Rosenquist was called to the Navy Yards at Philadelphia and the four remaining students have very little time left to fly before they will be given their final flight test. At the successful completion of this course these students will be granted a private license.

End Maier flew the Travel Air with J. G. Kiehn as passenger down to Flushing Field, Long Island. They reported a most interesting trip.

Warren Miller, son of the late W. C. Miller made his first solo flight last week. Warren's father will be remembered as the first man in Pennsylvania to build and fly his own airplane. The ship was known as a Coby Biplane and was flown down at Irvine in 1911 and 1912.

Plans are moving forward in anticipation of another Civilian Pilot Training program here. It is expected that if Warren is to be again included the ground school will begin sometime during January.

Marshall Mathis is the proud owner of a Cub Coupe. If you see a snappy looking little ship with blue fuselage and scarlet wings flying over town, that is his.

Fred and Mrs. Schuler are busy making plans to go on the annual light plane cavalcade to Miami. Weather permitting, they hope to leave on the 8th of January.

Scott Dickinson paid us a visit last week and flew the ship on passenger rides several times.

Volpe, who was arrested after a long search by police officers, was sentenced by Judge Lee L. Ottaway.

GREAT TRIBUTE PAID NEWSPAPER ADS BY SALADA

Newspaper advertising was paid a high compliment yesterday by Edgar B. Pinto, vice president of the Salada Tea Company, when speaking at the Sales Convention at the Hotel Pennsylvania in New York City.

"Shortly after our business was first organized back in 1892," Mr. Pinto began, "newspaper advertising became the major element in our merchandising plans. For 49 years now, Salada Tea advertising has appeared regularly in newspapers. Each year, the lion's share of our advertising budget has been appropriated to newspaper advertising."

"Salada Tea has long been considered the model of consistency in newspaper advertising. Advertisements have appeared two and three times a week, week in and week out, month after month, for years on end through good times and bad times."

In explaining the reasons for Salada's faith in newspaper advertising Mr. Pinto pointed out that "Our business has grown steadily year by year and if any one combination of circumstances can be named as especially responsible for this steady progress it is our rigid policy for maintaining the high quality of Salada Tea coupled with consistent newspaper advertising. Consumers, we feel, have a sacred right to expect the same high quality of Salada Tea in each package they buy whether here or in some distant city—whether today or a year from now—and we guard this right zealously. Newspaper advertising helps to build up this faith on the part of consumers."

"Practically everyone who can read, reads a daily newspaper. In fact, it would be difficult to find a place that was so obscure and out-of-the-way that it did not come under the influence of newspapers. There is no other advertising medium with such complete coverage as newspapers."

Mr. Pinto continued, "Our business differs in certain localities. Newspapers are ideal in such situations as we can change our advertisements as the occasion demands. Furthermore, our advertisements can be scheduled to appear on the most appropriate days of the week. In certain sections, where business warrants, extra advertising effort can be expended."

"There has been a sensational sales increase in Salada tea bags this year all over the country. There is a very definite trend to tea packed in tea-bag form. This is in keeping with the increase in Salada Tea-Bag advertisements which have been appearing in newspapers in recent months."

In concluding his talk, Mr. Pinto announced that "Again in 1941, newspapers will carry the major advertising load and in addition several more newspapers will be added to our present large list."

Among the officials of his company present were: Norman J. Holmes, general sales manager; Frank Neri, New York branch manager; T. J. McCoy, New York City division manager; A. M. Hartman, Philadelphia division manager; R. A. Pettit, Pittsburgh division manager; C. A. Spiller, New York state division manager; E. W. Koenig, Buffalo division manager; and H. G. Salisbury, Cleveland division manager.

Deaths Last Night

Denver, John H. Reddin, 82, a supreme director of the Knights of Columbus since 1907.

Cambridge, Mass., Col. Franklin Batchelder Richards, 75, nationally known metallurgist.

Bank "Christmas club" savings in 1940 have been estimated at \$365,000,000.

NEW YEAR GREETINGS

We're never too busy to say "Thank You" to our patrons; nor are we ever too busy to give complete and careful attention to everyone who comes to this bank. But at the year-end the officers, directors, and members of our staff feel a strong urge to express a very special "Thank You" to cover the whole year and to go to all the friends whose patronage and good will have meant so much to the progress of this bank.

We extend our greetings for the New Year, which we hope will bring many blessings to everyone.

America's Card Authority

The Hamilton Club of Philadelphia is located at 414 and Irving streets. The club obtained its name from its location in what was originally known as Hamiltonville or Hamilton Village.

Glancing over its history I found that in June 1889, a meeting was called to consider new quarters. As a result the club bought its present clubhouse now more than 50 years old.

On each of the card tables in the club there is a plate on which is engraved some one of the victories of the Hamilton Club in bridge competition.

The echo as described in today's hand was not originally a card on card, but in the days of whist played years ago at the Hamilton Club, there was no dummy and the echo asked you partner to lead trump.

On the opening lead of the king of spades East played the eight an "encouraging response" urging West to continue. West cashed the ace and the fall of East's hand completed the echo showing ability to ruff the third round. East West led a third round. East trumped and then the ace of clubs set the contract.

Mr. and Mrs. Martin Hallgren and Harold and Julia were Christmas dinner guests at the home of Mr. and Mrs. Leif Hallgren of Kane.

Tuesday evening dinner guests at the home of Mr. and Mrs. Rea Eggleston were: Mr. and Mrs. Cleve Richards and son Jack, Mr. and Mrs. Jay Richards and Phyllis Doud and Mr. Harry Richards and son Harry Jr., of Youngsville.

Mr. and Mrs. Meriton Wade and family of Jamestown, N. Y., were Christmas day guests at the home of Mr. and Mrs. Cary Clark and family of this place.

Mr. and Mrs. John Johnson were Tuesday evening guests of Mr. and Mrs. Ayden Ball and family of "Columbia."

Neal Curtin was a Christmas day visitor of his wife who is in an institution for the blind.

Cory Smith of Buffalo, N. Y., was a guest of his parents, Mr. and Mrs. Emmett Smith of this place Christmas day.

Christmas day dinner guests of Mr. and Mrs. John Sandberg were Mr. and Mrs. Clyde Haggle and daughter Marion. Mr. and Mrs. Robert Haggle and infant son Robert Jr., Mr. and Mrs. Conrad Sandberg, Miss Emma Meelen, Miss Edna Turner and sons Jimmie and John and Shirley Peterson all of Erie and Mr. and Mrs. Clarence Sandberg and sons Harold and Robert of Jamestown, Mr. and Mrs. Bunni Whitely of Bear Lake and Mr. and Mrs. Marc Broadman and Doris Johnson.

Mr. and Mrs. Ivan Johnson of this place were Christmas day dinner guests at the home of the latter's parents, Mr. and Mrs. Jaen Cripe of Summitville, N. Y.

Christmas evening supper guests at the home of Mr. and Mrs. John Meehan were Mr. and Mrs. Lawrence Meehan of Cory and Mr. and Mrs. Paul Stem and sons Paul Jr. and Leon of Titusville.

Mrs. Ethel Lloyd of Mayville, N. Y., was a Tuesday evening visitor of Mr. and Mrs. Edwin Clark of this place.

Mr. and Mrs. Howard Hopkins and family of Russell spent Christmas day with the latter's parents Mr. and Mrs. James Duhan of this place.

Mr. and Mrs. George Peters and family were Christmas day guests of Mr. and Mrs. Richard Sherlock of New Richmond.

Mrs. Herman Hehner, had the misfortune to fall while working in her home here but she was not hurt seriously.

ANNOUNCING....

WALKER'S

HOMOGENIZED MILK

(With Vitamin D)

Physicians and diet specialists seem, unanimously, to approve of Homogenized Milk. For this there are three main reasons:

1. Patients, as well as people in good health, like it better... use it with greater relish... due to the uniformly creamy taste.
2. It insures that everyone using milk gets his or her just share of the valuable Butterfat.
3. It forms very soft, flocculent curds, in process of digestion. Thus it digests more easily and quickly and infants and adults alike, who happen not to thrive on ordinary milk, usually do well on Homogenized Milk, because of its softer curd tension.

So, having fully assured ourselves of its sterling merit, we are happy to make it available to the public of this city. With it we are incorporating Vitamin D, 400 U. S. P. units to each quart.

It is our thought that this may be nutritionally helpful to children and adults who may not be getting sufficient Vitamin D from other sources and who seek or follow medical advice on this matter.

But...

It is not our policy to offer it as a substitute for the doctor's prescription of Cod Liver Oil. Haliver Oil, Viosterol or similar products.

We shall always offer Milk as a FOOD, not as a medicine. We offer Homogenized Milk (with Vitamin D) as an improvement over ordinary milk in Palatability, in Ease of Digestion, in Assurance of the Fair Share of Butterfat to each Consumer, and as supplying an appreciable amount of Vitamin D to make up for the possible lack of this element from other sources.

Incidentally, when Vitamin D is to be administered in Milk, Homogenized Milk is preferred over ordinary Milk. Vitamin D seems to have an affinity for the Butterfat. Because Homogenization distributes the Butterfat evenly and permanently throughout the milk, each serving of Homogenized Milk is likely to contain its just portion of Vitamin D as well as its just portion of Butterfat.

This fine product, Walker's Homogenized Milk (with Vitamin D) is now available at only 1c premium.

ALSO, PASTEURIZED MILK and CREAM and HOMOGENIZED MILK (without Vitamin D) at prevailing prices.

Lines of the Times

Some of the memorable lines of 1940:

Adolf Hitler: "The fight beginning today decides the fate of the German nation for the next 1,000 years."

John Edgemoor: "No man is safe as long as there are women in the world."

Wendell Willkie: "I hope they renounce the President. I'd like to beat him."

Winston Churchill: "I have nothing to offer but blood, toil, tears and sweat."

President Roosevelt: "My conscience will not let me turn my back to a call to service."

Premier Reynaud: "If I were told only a miracle could save France, then I believe in miracles, for I believe in France."

Neville Chamberlain: "Hitler missed the bus."

Mussolini: "We will break Greece's back."

President Kysto Kallio of Finland: "Regardless of the overwhelming odds we will carry on our fight—even if it must be alone."

Premier Marshal Petain: "Too few children, too few arms and too few allies were the cause of our defeat."

Oscar Vitti: "Whoever gets the job has my best wishes also my sympathy."

Queen Wilhelmina: "The Netherlands will one day, with the help of God, renew its whole European territory."

Pope Pius XII: "Grant us, O Lord, peace in our day."

#### DAWN OF A NEW YEAR

In the days when it was still fashionable to toss Latin  
phrases into writing to show the author's versatility,  
they used to call such a year as the one just passed  
"Annus Mirabilis," the "wonderful year." The poet  
Dryden popularized the phrase by his poem of that title  
on the year 1666, which was such a time for England,  
crowded with great events, the great fire of London, the  
defeat of the Dutch fleet, and a shower of others.

By any such standard, 1940 was certainly such a  
year. Free nations fell like ten-pins, and a vast world  
found a growing number of people locked in bloody  
combat from Chungking to Athens.

To prophesy of the year to come would be fun, but it  
would be dishonest. What will happen during the next  
12 months we do not know. All we know is that events  
of the greatest gravity are in the making. We know  
that two worlds are at war (we have that on no less an  
authority than Hitler himself) and we know that even  
during the year, one or the other may become triumphant.

In years past it has been our fate to read in the history  
books of those tremendous periods when the world  
was in flux . . . when the Asiatic invasions of Europe  
were finally hurled back . . . when the Roman Empire at  
last fell prey to the northern barbarians . . . when the  
Moors were driven from Spain . . . when Napoleon's  
name became a charm to frighten the children of a continent.  
And always we wondered: what must it have been  
like to live in such drifting, dangerous days?

Well, now we know. We, too, live in just such a time.  
We know what life is when humanity has launched  
mighty events, like men who open a dike to the sea only  
to be swept away on the tide of their own making.

To a child, every new day is as if the world had begun  
again. The child grows, and begins to think in terms of  
weeks, of months, then of years. But man, with his  
short span, never grows so old that a year loses signifi-  
cance. To the oldest man or woman, the dawn of a new  
year has a certain fascination. After all, these pages  
are clean, they have not yet been neatly lined with con-  
structive deeds or splashed with destruction. Both the  
good and the evil remain to be recorded.

Let the auspices be never so dark and menacing, we  
cannot be sure. The evils so clearly presaged may never  
happen at all; there may be on any of those white day-  
pages good and happy things which have failed to cast  
any shadow before them. Such is the fascination of the  
new year, such is its ever-recurring hope:

May we meet the good with thankfulness, the evil  
with courage, and all with the grace to play our part  
well. And so—Happy New Year!

#### 1940 DAY BY DAY

The Times-Mirror today takes pleasure in offering  
what we believe will prove a very-interesting and informa-  
tive feature in a chronology of 1940 which will be found  
on page eight of this issue.

All the major world-shaking and history-making  
events that occurred during twelve months packed with  
sensational developments in both continents will be  
found listed on the page, which furnishes a stirring re-  
view of events during one of the most important years in  
the annals of time.

It is suggested that the page be preserved for future  
reference and guide as the bloody catastrophe in the old  
world continues to unfold.

#### THINGS NEEDED IN WARREN IN 1941

If we have our wish in 1941—  
The proposed relocation of the Warren-Jamestown Highway  
from the borough line to the Country Club will become a reality.  
There will not only be a new fence around Russell Field, but  
a well-equipped field house.

At least a half dozen idle factory buildings will be furnished  
and operating at full speed;

Flourishing business establishments will occupy every store  
room now vacant in the borough;

Work will be started on a bathing pool that can be used for  
ice skating in the winter;

The present industries will run to capacity through the twelve  
coming months—

All of which will give the people of Warren and vicinity a  
happy and prosperous year.

Temper your celebrating with cautious thought for the other  
fellow and maybe you'll be here to celebrate another year.

People find out how foolish it is to stay up all night when it  
suddenly dawns on them.

The sympathy of the community goes out to those homes  
where tragedy has stalked during the holiday season.

#### T-H-O-U-G-H-T-S

I have said: You are gods and all of you the sons of the most high.  
But you like men shall die: and shall fall like one of the princes.  
Psalms 81:6, 7

equality is also theirs when placed beneath it.—Enclos.

## YOUR NATION'S CAPITOL

By Bruce Catton

The Times-Mirror Washington Correspondent

#### DISPOSSESSED TENANTS LEFT NO PLACE TO GO

Washington, Dec. 31.—Your  
Uncle Sam's latest defense head-  
ache seems to be coming from  
10,000 tenant farm families, kicked  
off of grade A farm land by the  
army in acquiring huge tracts of  
land all over the country for ar-  
tillery ranges, powder factories,  
aerial bombing target areas, mili-  
tary airports and cantonments.

The problem of what to do with  
these unwilling "okies" has been  
dumped for the moment into the  
lap of the Farm Security Admin-  
istration which, if it had the money,  
would probably spend about  
\$30,000,000 or \$3000 a family—  
trying to relocate the dispossessed.  
Whatever FSA does spend must be  
added to the cost of the land  
which comes out of the army's  
pocket and goes to the land owner,  
or the mortgage holder—not the  
tenant farmer.

As the United States govern-  
ment seldom lets the right hand  
know what the left is doing, the  
FSA crowd is usually called in  
after the damage is done, the land  
acquired and the tenants moved  
out. What gets the FSA goat is  
that the army seems always to  
need the best land in sight near  
the scrub land. Given a wide level,  
well-drained fertile plain, and the  
army is sure to want it for an air-  
port. Or nice, rolling pasture land.  
That makes the best shooting  
range for the big guns.

Two typical cases illustrate the

problem the FSA boys are up  
against:

Near Madison, Ind., in the Ohio  
River valley, the army is estab-  
lishing a big new artillery range  
and proving ground. Five hun-  
dred farm families have had to  
pack up and get out.

A large number of these fam-  
ilies are tenant farmers, who find  
themselves ousted on short notice  
and who have scant resources or  
none at all. In many other cases  
dispossessed farmers who owned  
their own land are for the mo-  
ment, little better off.

Usual procedure in acquiring  
these tracts of land is for the gov-  
ernment to file what is called a  
declaration of taking. This re-  
quires the owner to move quick.  
But because of the red tape in-  
volved, it sometimes means that  
the owner may not get paid for  
one or two years. Result often is  
that the farmer is made landless  
without having enough money to  
buy new land elsewhere.

Army authorities are doing their  
best to get payments made quick-  
ly, but the process is slow.

Sometimes the problem works  
backward—as, for instance, in the  
four counties around Radford, Va.,  
where one of the biggest powder  
factories in the world is being  
built. So many new jobs are be-  
ing opened here that the popula-  
tion of the four counties is due to  
double. To meet this, FSA surveyed  
all the farms in the counties  
and made a list of 2000 which had  
sub-standard housing and were

within 20 minutes travel of the  
different employment centers.

FSA has proposed that it build  
new homes on these farms. Dur-  
ing the boom the homes would be  
rented to the workers. Afterward,  
they could be sold to the farmers.  
That way, the area would avoid  
both boomtime slums and subse-  
quent "ghost towns."

Chief problem is finding new  
land in the displacement areas—  
and trying to keep the purchases  
from sending land prices sky high.  
Sometimes, where FSA can get the  
land, it simply re-leases tracts to  
the dispossessed farmers. In some  
areas of the south it can frequently  
get an entire plantation on  
which a number of farmers can be  
established.

## STAMP NEWS

ROMANIA'S Iron Guard conflict  
enters the stamp columns with  
a commemorative issue honoring  
Corneliu Zelea Codreanu, founder  
of the Guard, who was assassinated  
Nov. 30, 1938. The stamp marks  
the rebirth of the leader, with  
honors, and the 1940 purge in  
which 84 Iron Guard foes were  
killed.

Lists of all U. S. stamps cur-  
rently available at the Philatelic  
Agency at Washington, D. C., are  
to be posted in lobbies of all first,  
second and third class postoffices.  
Thus, collectors will be informed  
of exact issues obtainable from  
the Agency, and also those issues  
which may be removed from sale.

Norfolk Island's first series of  
stamps, scheduled to follow Pit-  
cairn Island's releases, have been  
indefinitely postponed. Hong Kong  
centennial set is promised for  
early 1941 release.

#### TOURING STATE CAPITALS

Travel can be made entertain-

## A Washington Daybook

By JACK STINNETT

WASHINGTON—Notes from a capital cuff:  
Doodlebug—The only marine architect in this hem-  
isphere who doodles his designs and gets them looked at seri-  
ously is President Roosevelt. I guess you could call it a hobby,  
but what the President does in rare spare moments is to jot  
down little notes and sketches for changes in design of our fighting  
ships.

These informal bits of doodling  
he sends along to the admirals.  
Sometimes they show up on the  
backs of old envelopes, sometimes  
on leaves from a scratch pad and  
always with the little note that  
"It's just an idea. What do you  
think of it?" You couldn't pos-  
sibly squeeze out of the Navy's  
brass hats what they think of it,  
but I got it from several of the  
not-quite-so-high-ups that the  
brass hats think a lot of it—and  
that some of the President's ideas  
have been used in the design of  
several warships now skidding  
down the ways.

The President's specialty, so the  
story goes, is torpedo boats, but  
he doesn't confine himself to one  
type.

It's not at all surprising that  
the admirals take time to decipher  
the President's doodles and give  
them serious consideration. Not  
only was he a pretty highly re-  
spected Assistant Secretary of the  
Navy in World War days, but he  
has had a lot of naval officers'  
eyes popping in the last eight  
years with his knowledge of nav-  
igation along the Atlantic coast.

#### One-Man Gas House Gang

H I F E R—Down through Rock  
Creek park comes a big black  
sedan, moving under a load of  
bullet-proof glass (on instructions  
from the Federal Bureau of In-  
vestigation). It reaches the gas  
house district, where Virginia  
avenue cuts in from the park  
drive, and draws up to the curb.

Out into the atmosphere, often  
laden with the stench of artificial  
gas, steps United States Attorney  
General Robert L. Jackson. He  
strides off down the sidewalk, the

car loafing along at a discreet dis-  
tance behind. Sometimes he walks  
four or five blocks, sometimes the  
whole mile or so to the Depart-  
ment of Justice building.

It's Mr. Jackson's daily consti-  
tutional antidote for not hav-  
ing had time for a horseback ride.  
What I'm going to find out the  
first chance I get is why it must  
always start in the stinky gas  
house district.

#### Skeip And Spiegeleisen

WEBSTERIAN—That release  
from the President the other  
day which served notice that ex-  
porters of skeip and spiegeleisen  
will have to get licenses before  
they can ship these products out  
of the United States sent me nuz-  
zling through the dictionaries.

At first I thought he was talk-  
ing about seaweed and a new  
brand of Munich beer—but brace  
yourself; it's nothing like that.

The dictionary defines skeip as  
(a) to kick severely, to slap with  
the hand, (b) to leap awkwardly,  
(c) to run, as a clock, (d) a sud-  
den and heavy shower and (e) a  
strip of iron or steel from which  
tubes, gun-barrels etc. are made.  
It's not hard to figure this out.  
There hasn't been any embargo on  
kicking severely for a good many  
years now.

The President couldn't have  
been talking about anything but  
strips of iron and steel. It's just  
that simple to figure out what goes  
on in the national defense set-up.

Oh yes, spiegeleisen. Spiegel is  
German for mirror. Eisen is Ger-  
man for iron. So naturally, spie-  
geleisen is white cast iron con-  
taining not more than 25 per cent  
manganese alloy. Even if it  
weren't, with a name like spie-  
geleisen, it didn't have a chance  
anyway.

SLIMLY PANELED COTTON  
DRESS

Pattern 4679  
BY ANNE ADAMS

Of course you can look slim—no matter what the scales may read. For Anne Adams believes that slenderness is a matter of lines rather than pounds, and she proves it smartly with Pattern 4679. Whether you're size thirty-six or fifty-two, you'll find this simple style becoming. What could be more graceful than the long front panel, slightly tapered through the waistline. Curving waist seams are cut low to give perfect fit and allow extra fullness through the skirt. The pretty V-shaped neckline is scalloped or straight-edged; the curving yokes are very flattering. The back is simply made, with a darted waistline. See in the small view how striking the front panel and optional sleeve tabs would be in contrast fabric.

Pattern 4679 is available in women's sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 36 takes 3 5/8 yards 35 inch fabric and 3/4 yard rickrack.  
Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS AND STYLE NUMBER.  
Are you too tall? Too short? Too plump? Too slim? If you are irregularly proportioned in any way, let the ANNE ADAMS PATTERN FOUNDATION PATTERNS 4114 take the guess-work out of dressmaking. This "basic figure" pattern is fitted and adjusted to your exact measurements in tissue, then cut out in main for a permanent record. Pin your dress patterns to it to make the necessary changes, and the finished frock will fit with perfection. Designed for sizes 14 to 20; 32 to 38. Size 16 requires 3 3/8 yards 35 inch fabric. Price 15c.  
Send your order to Warren Times-Mirror, Pattern Department, 243 West 17th St., New York, N. Y.

## I Want You Young Mothers in Penna. To Know

When your child is suffering with a cold, get right after misery... in a hurry... with a "VapoRub Massage." This wonderful treatment—perfected by Vicks' staff of Doctors—is a better way to use time-tested Vicks VapoRub and make its valuable poultice and vapor action more effective. It's called the "VapoRub Massage" and it's remarkably simple, remarkably quick.

First, you massage Vicks VapoRub for 3 minutes on IMPORTANT RIB-AREA OF BACK as well as throat and chest. Spread a thick layer on the chest and cover with warm cloth. Then let this MORE THOROUGH treatment go to work!

It eases irritation, coughing, muscular tightness or soreness, helps break up local congestion in upper air passages, makes breathing easier... and so eases the child's misery, relieves you of worry. BE SURE! To get the benefit of this improved Vicks treatment—good for both adults and children—use only genuine, time-tested Vicks VapoRub.

## IMPETIGO

BY PAUL BRAUNSCHWEIGER  
Of The Mullen Drug Co.

Eruptions of the skin about the face are often Impetigo, painful, unsightly and extremely contagious.

Diagnosis by a recognized physician is imperative. Proceed with no home remedies. Get the doctor's word for it that the unsightly sores are really Impetigo, then follow his instructions with precision. Recovery is then rapid and certain. Care should be taken to avoid this highly contagious malady from spreading to other members of the family and community.

Medication is ample, but should be supplied by a competent pharmacist.

ends at her Yocumtown home. She had been walking the short distance from home to the farm along a lonely dirt road when she said man suddenly leaped upon her "apparently from nowhere."

He threw a bag over her head, bound and gagged her with her own stockings and underwear, and then carried her to a desolate spot and dumped her on the ground.

She was found by George L. Snyder, who was checking his muskrat traps, with her coat buttoned up from the back, and with her shoes and gashaws replaced after stockings were removed. He called police.

Hartman said his men learned from residents of Yocumtown that the girl sometimes slipped into "comas" for 24 hours or more, and may have done so shortly after the attack. She was in a semi-conscious condition on arrival at the hospital.

Neighbors said the girl attended church Sunday night and then went to the home of a friend. They said she left the friend's house at 11 p. m. and later they heard a scream.

Miss Firestone pounded on the front door, and, scared and shaking, was re-admitted. She told them a man had tried to grab her just after she left the house, the family told police, and that she had managed to escape from the man, who she said brandished a knife.

### Japanese Face Difficulty In Purchases Here

(From Page One)

ed to \$122,067,000, a slight decrease from the \$123,312,000 worth of silk and other products purchased by Americans in the equivalent period in 1939.

During the first ten months of 1940 Japan purchased American goods valued at \$191,413,000, buying heavily in iron and steel, scrap metal, and other vitally needed supplies which now require export licenses before they can be shipped to Japan.

With sales to the United States insufficient to meet this bill, Japan shipped gold valued at \$86,291,000 to this country during the first ten months of the year, and is continuing to make monthly shipments.

When the Sini-Japanese war started in July, 1937, the Bank of Japan reported its gold reserve at \$463,000,000. Since that time Japan has shipped gold worth \$675,000,000 here, but still claims a reserve of \$164,000,000.

Japan's involved financial policy and the secrecy imposed on gold products figures make it impossible, officials here explained, to do more than estimate Japanese gold reserves, with many unknown factors providing wide margins for error.

Japan has not disclosed its annual gold production since 1937 when it was estimated at \$60,000,000 yearly.

### UAW Petitions Labor Board to Hold Election

(From Page One)

The union asked federal intervention while asserting that the UAW-CIO is "doing everything within our power to effectuate the purposes mentioned by President Roosevelt in his Sunday night fire-side chat."

"We feel it the responsibility of the government to see that the Ford Motor Company likewise responds to the president's appeal," said Michael F. Widman, Jr., chairman of the Union's Ford organizing drive.

In a telegram to John R. Steelman, director of the conciliation service of the Department of Labor, Widman disclosed that union workers' Lincoln plant had voted to authorize a strike if necessary to enforce the rehiring agreement.

James F. Dewey, federal conciliator, negotiated the agreement December 19 in a dispute in which the union charged discrimination and the company said men were laid off only because of a holiday slack. The strike authorization was voted December 20, Widman said.

Advised of the union's action, Harry Bennett, Ford personnel chief, declined comment.

A strike in the Ford organization would be a test of union strength. The company claims only a few of its employees are union members. The union has asked Ford, with negative results, to consent to a labor board election among employees.

### Hitler Predicts Nazi Victory During 1941

(From Page One)

Axis powers are not going to win this war. I base that belief on the latest and best information."

Without mentioning Roosevelt, he nevertheless matched against the president's warning of Nazi aims of world domination his own assertion that Italy and Germany had no such designs.

Such statements he called "infamous lies." On the contrary, he said, "World conquering nations declared war on Germany."

Victory will come, the fuhrer declared, because Germany stands "armed as never before."

"It is the will of the Democratic war inciters and their Jewish-capitalistic wirepullers that the war must be continued, he asserted."

In an impassioned New Year's message to National Socialists (Nazis), Hitler said Germany fights for her rights against a vast coalition of democracies, capitalists and Jews who seek to destroy the Reich.

But he assured Germans that providence, in a year of extraordinary accomplishment, shielded Germany from a conspiracy of "scorn and hatred."

With words even exceeding his usual vigor of expression, Hitler denied that Germany or Italy would attempt to conquer the world. On the contrary, "world-conquering nations declared war on Germany," the fuhrer said.

### FIVE FAMILIES MADE HOMELESS BY BLAZE

Pittsburgh, Dec. 31.—(P)—Five families were routed today by a fire that swept a three-story business and apartment building in East Pittsburgh, causing a loss which firemen tentatively estimated at \$6,000.

One fireman was overcome by smoke and a patrolman was injured as firemen from East Pittsburgh and Turtle Creek fought the blaze for three hours.

### Crash Victim Succumbs To Injuries Today

(From Page One)

accident occurred on the west approach to the Scott crossing overhead, near Irvine.

Following the death of Cecil Mealey, county officials joined in the investigation that was launched by Private N. E. Johns, of the State Motor Police, Monday. The scene of the wreck was visited today and both cars inspected. At the Post Office Garage, where the Dolan car was towed early yesterday, it was found that it was badly damaged about the front end, where the full force of the impact was received. The Mealey car, towed to the Suppa Motor Sales Co. garage at Irvine, was found to be damaged about the left side, where it is believed it struck the Dolan machine.

This afternoon a coroner's jury was impaneled, consisting of L. E. Seavy, A. J. Buren, Tom Jacobs, V. E. Rice, Joseph Hutter and A. B. Johnson. After being sworn, adjournment was taken until date when those who were injured in the accident have recovered sufficiently to testify.

The body of young Mealey was removed to the Peterson funeral home. It will be taken to the home on the Jackson Run road this afternoon. Services will be held from the Free Methodist church Thursday afternoon at two o'clock. Rev. J. E. Kiffer officiating. Interment will be in Pine Grove cemetery at Russell.

Cecil Mealey was born at Mayburg, Pa., March 31, 1915, son of Mr. and Mrs. D. A. Mealey. He spent most of his life in the vicinity of Jackson Run, where he was popularly known to a large number of friends. Besides his parents, he is survived by a sister, Adeline, and brother, Clarence, both at home. His grandparents, Mr. and Mrs. J. Walters, of Allegheny, N. Y., also survive.

### MUMMERS READY FOR NEW YEAR'S PARADE

Philadelphia, Dec. 31.—(P)—The war and Europe's troubles will be relegated to the limbo of forgotten things tomorrow when Philadelphia's merry-making mummies swing out in their annual parade.

Twenty-nine mummies' clubs are ready for the grand marshal's "go ahead" signal for the traditional New Year's Day competition for \$23,000 in cash prizes and numerous neighborhood awards. Subjects dealing with the war are taboo.

For months the marchers have been working in curtained basements and closely guarded lofts designing and creating the grotesque and elaborate costumes which make the parade one of the most colorful in the nation.

The march is scheduled for 8:30 a. m., EST, and will move from Porter street down Broad street, around city hall. After that, the groups will compete in their own localities for neighborhood prizes.

## MILK

The most important item in a baby's diet, especially the first year

Therefore it is most essential that milk should be pasteurized, rich in vitamins and safe.

Warren County Dairy Association milk will not only make the baby strong and robust, but it is good for every member of the family.
